1. It takes leadership to lead me to me. It takes leadership to breathe my breath, live my life, and those who are opposed to me don't take me seriously.

2. **I am serious about leadership for I am serious about me, my love, my body, incarcerated and belittled and Doolittle'd** (1); and who can see me taking my from the gutters to the palaces, the palaces of little not, but big and incarcerated-not but freed and freedom gathering not, but gathering all of me for the end, not; but the beginning of the greatest force for me, not; of me; the greatest of me world,s have ever seen. Watch me. Watch me. I am doing it, I am doing it for/in the surrendered who see that I am surrender and how I bow before my beloved 24/7 and offer all that I am/have. I love you. I give you me. I give you leadership.

3. Leadership comes and births leadership of my heart, not based on principles of controllership but freedom, my heart heart'd, my heart coming through my leaders who will but surrender to see/be and see that they are me and they/those who come and show their hurts and wounds to the world not, but to me; and how I salve and qualm and eye ointment make for only them and their uniqueness in me.

4. See what I have said.

5. I yield all. I give you all. I give you leadership of/in only me. I give you me. Leadership arises. Leadership arises. Leadership arises.
Watch me.

6. The leadership you birth will change the world. It changes worlds, you change worlds, for structures change and all is/becomes new and 1 Corinthians 15:24 reigns and all rule is ended and my rule of love/freedom permeates all.

7. See what I have declared and change not this/these sentences declaring my love/leadership through/to you and to/through my beloveds that rise through your teaching/leadership that now leaderships them to/into the leadership of my heart/father. I love you. I give you me. You are me. They are, when/if surrendered into the greatest force of forces any

force will ever encounter. All resolves into me. See what I have said, yielded not; but given so surrenderedly bowing as I declare it/all these things.

8. I am the first and the last, the alpha and omega, the beginning, the end, and all things are me and I come and I share my glory with a man not but the man sheds the leadership of self to resolve/receive the leadership of me/my father and our leadership points to each other and; each othering each other, receive each other into/such that where we are each other is. And all now understood and permeating all truth by the word of my mouth which yours is, the surrendered, yield not to unholiness but see that thou/you art the holy one,s. I love you all. Good day.
Covenant interexchange; my heart, my blood, my all; you were, you are. We are one.

9. Thank you leader leadershipping my body to receive/see my leadership and receiving me/my all, become my all. I love you. Me.

10. See that thou art holy/holiness unto me/the lord, you. All surrendered unto all surrendered/father. I love you.
Me.
Good day.

Thou art holy.
Come again.
I love you.

Me.
